

The Mayor's Office for Young Children will assure Hartford Public Schools assign incoming kindergarteners to specific schools and assign kindergarten teachers prior to the end of school year. Provide information to parents and to center-based pre-school experience information at the right time, in a uniform way, with the child's kindergarten teacher. It emphasizes the importance of continuous communication between the family, the school, and early childhood providers during this important time in a child's educational life.

Please review the Transition to Kindergarten Public School Directory.
